This collection consists of family photographs and one postcard. Most of the photographs are black and white with one exception. All of the photographs appear to be family snapshots. Many of the photographs incorporate Lambert Castle, Paterson. One photograph also relates to the Y.W.C.A. Girl Reserve Bluebird club. Several of the photographs include people, probably members of the donor's family.

The one postcard relates to the city of Paterson.

Most of the material is not dated but it seems likely that they all date to around the same period.
