This collection consists of predominantly color photographs taken of a fire on Main Street, Paterson, NJ. The photographs were taken by the late John Kane on a personal camera.

Series:

There are 79 pictures and 38 duplicate photographs of some of the pictures in the collection. The following list indicates where duplicates are present. The photographs are all 3" x 5" in size. None of the photos were numbered when received or in any particular order. Some are date stamped on the reverse as either Feb 1991 or Mar 1991. The balance has no dates. Two of the pictures are black & white prints. The year these two photographs were taken is not certain, but they definitely precede the date of the 1991 fire. All photographs were entered into PastPerfect separately.
